

### Coach (PSV) Technician/Mechanic Job Description

Contracted rate: £35000pa

Job-type: Full-time, permanent

Location: Dyserth, Denbighshire

Start Date: September 2025

Application deadline: July 2025

All applications (Cover letter and CV) to be sent to [recruitment@voelcoaches.com](mailto:recruitment@voelcoaches.com)

Voel Coaches is well-established family-owned operator in North Wales offering executive and local coach travel to the community. We are seeking to appoint a well-skilled PSV Technician on a full-time basis.

This role is not suitable for apprenticeship candidates.

Duties will include;

- Routine 6-weekly PDI inspections and annual MOT preparation on fleet vehicles.
- Carry out routine maintenance and repairs on different makes of coaches (Scania, DAF, Dennis, Volvo and MAN).
- Accurate fault diagnosing and rectification ensuring all vehicles worked upon are handled carefully and that the relevant health and safety policies are adhered to.
- Road test vehicle when required (if holder of HGV/PSV licence)
- Detailed record keeping of planned and completed work, including parts used and ordered.
- Work areas can include engines, gearboxes, running gear, electrical systems, and body repairs.
- Daily review of driver defect sheets and ensuring that all vehicle defects are reported to the garage foreman.
- Attending local breakdowns in and out of hours.
- Maintaining a high standard of organisation including cleanliness and tidiness around the workshop.

The successful candidate will have;

Essential:

- Served a recognised apprenticeship as a Bus Mechanic / PSV Technician / HGV Engineer and hold a formal qualification to NVQ level 3 or equivalent qualifications in Heavy Vehicle Maintenance.
- Gained a minimum of 2-years' experience in a similar work environment.
- Possess a good knowledge of the DVSA rules and legislation relating to inspections and MOT preparation of PSV vehicles. (IRTEC qualification desirable)
- Can demonstrate that you can work consistently and safely to a high standard of Health & Safety
- Have skills to be a flexible member of the team to adapt to the tasks necessary in the day-to-day operations of the depot.
- Hold a full UK car license to allow use of company vehicles.

Desirable:

- Work experience through a PSV or HGV dealership.
- Have category D (PSV) entitlement plus valid CPC training.
- Electrical diagnostic skills for vehicle systems and management units.
- Ability to pass a DBS background check to work if required by the company.
- High degree of welding skills.

Other benefits

- Weekly pay.
- Funding available for further training and qualifications.
- Uniform and workwear provided including PPE on request.
- Employee discount on coach travel.
- Cycle to work scheme.
- Own area to store own tools and equipment, plus allowances to purchase own equipment.

Typical schedule:

- 7.30am-5.00pm Monday to Friday
- 6.00am- 10.00am Saturday (twice per month)
